Service Information

Differences in product specifications

The successor product may not be compatible with older CPU hardware or firmware versions. Depending on the specific hardware and firmware release in use, certain limitations may apply. Please refer to the relevant technical documentation to verify compatibility before ordering or implementation.

General Information Support Availability

During the phase out time, Yaskawa cannot guarantee full product support, such as replacement possibilities, due to limited component availability.

Note that manufacturers supplying components which are necessary for replacement or repair may discontinue production prior to Yaskawa phase out of spare parts supply or repair timeline.

For more information on the availability services like please contact Yaskawa Service Department: support@yaskawa.eu
