

Discontinuation

Option Cards for COSMOS series
EtherNet/IP, PROFINET and Modbus TCP/IP
08/2026 | V2

Product Lifecycle Change Information

Due to the progressive phase-out of the COSMOS product family (V1000/A1000) and difficulties in sourcing components for their options, Yaskawa finds itself compelled to discontinue production of the conventional Ethernet-based communication options with immediate effect.

The industrial network communication options (EtherNet/IP, PROFINET and Modbus TCP/IP) of the SI-EN3, SI-EP3 and SI-EM3 series - as well as their variants - are being replaced by the latest generation Multi-protocol Ethernet option card, the JOHB-SMP3-MA.

The Multi-protocol Ethernet option card (JOHB-SMP3-MA) is a single-PCB option card for Yaskawa AC drives (GA500, GA700, CR700, HV600, U1000, A1000) that supports multiple Industrial Ethernet protocols. Configuration switches on the circuit board allow you to select the protocol suitable for your application (EtherNet/IP, PROFINET, or Modbus TCP/IP).

Model(s) to be discontinued

EtherNet/IP | SI-EN3, SI-EN3/V, SI-EN3D, SI-EN3D/V
PROFINET | SI-EP3, SI-EP3/V
Modbus TCP/IP | SI-EM3D, SI-EM3D/V

Last Order Acceptance

no final order date available

Replacement Product

Old SAP No.	Previous Model	New SAP No.	Replacement Model
10062658	SI-EN3	10109077	JOHB-SMP3-MA
10062659	SI-EN3/V		
10062660	SI-EN3D		
10062661	SI-EN3D/V		
10062662	SI-EP3		
10062663	SI-EP3/V		
10062655	SI-EM3		
10062656	SI-EM3/V		
10062657	SI-EM3D		
10107453	SI-EM3D/V		

Service Information

Differences in product specifications

The JOHB-GA50 option card mounting kit is required for the GA500 inverter series.

Sales Materials

Sales materials will no be longer printed.

Handling of Existing Orders

All confirmed orders will be continued.

Repair and Spare Parts

For more information on the availability services like spare parts or repair please contact **Yaskawa Support** or use the **contact form** on our website.

General Information Support Availability

During the phase-out period, Yaskawa cannot guarantee full product support, such as replacement possibilities, due to limited component availability.

Note that manufacturers supplying components which are necessary for replacement or repair may discontinue production prior to Yaskawa phase out of spare parts supply or repair timeline.

For more information on the availability services like spare parts or repair please contact **Yaskawa Support** or use the **contact form** on our website.
