

To whom it may concern

Thank you for your letter of inquiry regarding the topic REACH.

According to the provisions of REACH, Block Transformatoren-Elektronik GmbH, as a manufacturer of products

- | | |
|--------------------------------|-------------------------------|
| - Transformer | - Test Apparatus |
| - Power Supplies | - Housings |
| - Chokes | - Magnetic voltage stabilizer |
| - EMC interference suppression | |

is to be regarded as a "downstream user". As a matter of principle, Block Transformatoren-Elektronik GmbH, a downstream user, observes all requirements resulting from REACH. Our products are not intended to release a substance under normal or reasonably foreseeable conditions of use which might lead to a risk when using the product. (Article 7 (1) der REACH-Regulation)

Products, which you purchase from Block Transformatoren-Elektronik GmbH, are, by definition of REACH, not to be registered. Chemical substances contained in our products, which may possibly be subject to registration, have to be registered exclusively by our sub-suppliers.

In our own interest and to ensure a high level of safety in our production, we observe the implementation of REACH and its resulting demands closely. In particular we contacted our pre-suppliers, from whom we purchase chemical substances and preparation, which we use in the course of our production process. Our processes are mainly standard application, which are implemented in many industries in large tonnages. Against this background many of our sub-suppliers have already signaled, that a pre-registration or a later registration of the relevant substances will be completed by them.

We can confirm that REACH does not have negative effects on the production of the products referred by you. Our products do not contain any substances on the list published by the European Chemical Agency above 0.1 mass/%. All information has been given to the best of our knowledge and belief.

In case of further questions regarding the implementation of the REACH regulation in our company, please do not hesitate to contact us.
